

The Joint ISO/RTO Planning Committee (JIPC) asks that you always remain mindful of your personal safety when commuting to Inter-Area Planning Stakeholder Advisory Committee (IPSAC) meetings. JIPC decisions to cancel meetings due to inclement weather are made prior to 3:30 pm on the day preceding the meeting. In the event of meeting cancellations, JIPC members will send a notice to the full IPSAC and meeting registrants. You can also confirm the status of an IPSAC meeting by calling ISO New England meeting notice phone number (413) 535-4044, by checking notices on the ISO New England website at <http://www.iso-ne.com/>, or by calling ISO New England Customer Service at (413) 540-4220.
